Briarcliff-Winnwood area plan off to a good start

The Briarcliff-Winnwood Area Plan got off to an enthusiastic start July 8 at the Plan's first community meeting. The event at Golden Oaks Education Center drew 52 community members representing neighborhoods in an 18 square-mile area of southern Clay and Platte Counties. After introductory presentations, participants broke into small groups to take a first run at identifying issues in the neighborhoods and laying out visions for the future. Common themes and issues included:

- Promote neighborhood identity and a sense of pride
- Improve basic infrastructure
- Revitalize existing commercial corridors
- Economic development

When completed, the plan will serve as a guide for future development, land use, neighborhoods, housing, transportation and other infrastructure improvements.

The next public input meeting will be August 25 at the Golden Oaks Education Center, 3100 NE 46th Street, and will focus on neighborhoods and housing issues. For more information about the project and the community meetings visit www.nni.org and click on the link to the Area Plan web site. “Let’s Clear the Air” at August senior workshop

On August 13, from 9 to 10:30 a.m., D.W. New-comer’s Sons will conduct a seminar about what to look for in a prearranged funeral plan or policy and how each type of prearrangement works. Since there are many options to choose from, consumers need to know which option best suits their needs, and how their investment is protected. A representative will share some questions you need to ask to help make a comfortable and knowledgeable decision about pre-arrangement planning.
