

Kansas City Paint Program

The Paint Program is a home repair program that provides free paint and supplies to qualifying homeowners who live in Kansas City, Missouri. Applicants must live in Kansas City, own and reside in the house to be painted and own only one property. All labor must be provided by the home owner and the house must be prepared for painting before a voucher can be issued. After an inspection approved applicants have their choice of standard, in-store paint colors. No upgrades or color matching are allowed. The total cost of the paint and supplies cannot exceed \$500. Call Francisco Murguia at 816-513-3025 for more information.
