NNI New Employee Staff Spotlight

Nathan Scott

A native of KCMO and raised in the Northland. Nathan is a Park Hill graduate and still lives in Platte Co. As a life long Chiefs fan, on weekends he spends his time rooting on the Chiefs in the fall and winter or on one of his gravel or mountain bikes.

NNI Makes it Very Easy to Give!

NNI currently has openings for our Home Repair Program. As Fall approaches, we know we will be hearing from many senior and lower income families whom home repair seems impossible because of their budget. We recently lost funding from Clay County for these programs, so space will be limited.

Please help us help those with needed home repairs!
